## PEELED & CLEANED TAIL OFF WHITE UNCOOKED Shrimp

ACC REGISTERED BUYER # B10021

DelicaSea® Uncooked, Peeled and Cleaned, Tail Off, Block Frozen White Shrimp are processed from farm raised shrimp that have been grown in pristine waters under carefully monitored and environmentally sustainable conditions to ensure premium quality and freshness. White shrimp (*penaeus vannamei*) is the most important shrimp in the global shrimp trade. They are the primary choice of shrimp farmers worldwide due to their rapid growth and yield characteristics. This shrimp has a pinkish white appearance after cooking and is prized by chefs for its medium firm texture and sweet mild flavor.

DelicaSea® Uncooked, Peeled and Cleaned, Tail Off, Block Frozen White Shrimp are carefully processed immediately after harvesting. This includes washing, sorting, grading, peeling, cleaning, and freezing the final product in a protective block of ice. This protective barrier eliminates the possibility of dehydration. This enhanced shelf life, plus value pricing, makes this product very appealing for wholesalers and distributors selling to the restaurant trade. Once thawed, the peeled and cleaned product is ready to use in a wide variety of menu preparations from appetizers to main course entrées.
