

DelicaSea™

SHELL-ON UNCOOKED BLACK TIGER Shrimp

DelicaSea® Uncooked Headless Shell On Black Tiger Shrimp are processed from farm raised shrimp that have been grown in pristine waters under carefully monitored and environmentally sustainable conditions to ensure premium quality and freshness. The black tiger shrimp (*penaeus monodon*) is a the major aquaculture shrimp species in Asia. Its dark pigmentation provides a reddish color when cooked and is prized by chefs worldwide for its visual attractiveness and for its medium firm texture and sweet mild flavor.

DelicaSea® IQF Uncooked Headless Shell On Black Tiger Shrimp have been individually frozen (IQF) for ease and convenience in preparation. The shell has been left on for maximum freshness and versatility. Once thawed and cleaned, these shrimp are ready to use in a wide variety of menu preparations.
