## SHELL-ON WHITE UNCOOKED Shrimp

ACC REGISTERED BUYER # B10021

DelicaSea® Block Frozen, Uncooked Headless Shell-On White Shrimp are a farm raised product that has been grown in pristine waters under carefully monitored and environmentally sustainable conditions to ensure premium quality and freshness. White shrimp (*penaeus vannamei*) is the most important shrimp in the global shrimp trade. It has become the choice of most shrimp farmers worldwide due to its rapid growth and yield characteristics. This shrimp has a pinkish white appearance after cooking and is prized by chefs for its medium firm texture and sweet mild flavor.

DelicaSea Block Frozen, Uncooked Headless Shell-On White Shrimp are carefully processed immediately after harvesting. This includes washing, sorting, grading, and freezing the final product in a solid block of ice. This protective barrier eliminates concerns about dehydration or damage to the product. This enhanced shelf life plus value pricing makes this product very appealing for wholesalers and distributors selling to the restaurant trade. Once thawed and cleaned, these shrimp are ready to use in a wide variety of menu preparations.
