

DelicaSea®

RAW SHRIMP SKEWERS

DelicaSea, Uncooked, Peeled and Cleaned Tail on Shrimp Skewers are processed from farmed raised white shrimp (penaeus vannamei) under carefully monitored and environmentally sustainable conditions to ensure premium quality and freshness.

The shrimp used to process DelicaSea Shrimp Skewers are carefully handled and processed immediately after harvesting. The shrimp are graded, peeled and cleaned leaving the last tail segment on. Five 31/40 ct./lb shrimp are carefully placed on wooden skewers. The skewered shrimp are then frozen and glazed and then individually sleeve wrapped with 8 skewers to a 1 lb. box. Custom marinades are available in many flavors.
